AT THE SERVICE OF  
PROFESSIONAL CONSTRUCTION  
BETWEEN ITALY AND CROATIA

# ABOUT

Eco Haus is a representative agency specialized in the supply and handling between Italy and Croatia of products intended for professional construction.

For years, the figures in **our team** have been engaged in the construction world, both in terms of the buying and selling of products and in the actual construction of buildings. Both on the Italian and Croatian markets.

# WHO DO WE CONTACT?

We work exclusively with the world of professional construction, addressing all the realities that make up this sector.

Our goal, therefore, is not the sale of products to private customers.

Our flexibility allows us to collaborate with companies, retailers and entrepreneurial groups in various ways. Without ever hindering anyone's work, but always trying to provide useful support for concluding a deal or for supplying a particular product.

# PRODUCTS

For years we have been collaborating with some of the best brands in the construction world. For some products we boast exclusive concessions for certain market areas, for others we are trusted commercial partners who have already been able to experience their quality in the projects carried out over the years.

Here are some of the product categories in which we specialize:

- firewood
- pellets
- Rock wool
- polystyrene
- phenolic resin
- aerogels
- reflective sheets
- nanotechnological additives for paints
- acoustic insulators
- plasterboard profiles
- false ceilings in metal panels
- metal cladding stems in preformed modules to measure, expanded and flat metal sheets, sunscreen and linear slats,
- naval fittings

# ITALY & CROATIA

With Croatia's entry into the Eurozone, the exchange of products and trade in general between these two countries is certainly easier.

At European level, Italy is Croatia's second largest trading partner. With **import/export ratios constantly growing.**

These are therefore two markets that travel on trusted tracks, guaranteeing an **easy and safe movement of goods.**
